

Group Skill/Interest Sheet

Check all statements that describe your group's overall work experience in each category. Please give an accurate assessment of **your team's experience**. This information is important as we prepare for your arrival, determine work teams, and select worksites for your week at Hinton. Please note any other home repair experience and any relevant information. We welcome and need all levels of experience as well as your desire to learn and share in ministry with others.

Church _____ Work Mission Dates _____ Number in group _____

of adults _____ # of youth 15-17 years old _____ # of youth 12-14 years old _____ # of youth under age 12 _____
