**Register by September 19, 2022.**

Gardens are sacred places that can offer healing for mind, body, and soul for both gardener and visitor. This retreat is for those who experience – or yearn to experience – gardens as restorative, inspiring, and life giving. Celebrate gardens and their role in our spiritual journey. Experience indoor and outdoor workshops, exploring and enjoying “sanctuary trails and gardens,” and personal time for walks, prayer, rocking chairs, and reflection.
